- **CSCC General Education Requirements**: Students should choose the General Education courses for the AS degree in consultation with their academic and faculty advisors.

- **OSU General Education Requirements**: How a student completes these requirements will vary, depending on how he or she chose to complete the General Education requirements at Columbus State. Any General Education requirements not completed at Columbus State will need to be completed at Ohio State. Elective course work, if selected appropriately, can be used to pursue a minor. Students should consult with an advisor in the College of Food, Agricultural and Environmental Sciences (CFAES), 100 Ag. Admin. (292-6891), to discuss appropriate and optimal course selections for General Education and to consider options for effective choice of electives.

- All programs in the CFAES leading to a Bachelor of Science in Agriculture require a minimum of 121 semester hours, including a minimum of 12 hours in the major from the academic unit offering the major at OSU. A student needs to complete two global issues courses in the General Education. Select the Literature, Art, Culture and Ideas, and Historical Study courses carefully.

- **OSU Major Requirements:**

  The B.S. in Agriculture degree requires a minor. The minor must be in an area outside of the major. Students may NOT select a minor in Agronomy, Horticulture, Landscape Design and Mgt., Sustainable Agriculture or Turfgrass. For a full list of minors see the CFAES website, http://cfaes.osu.edu/students/academics/undergraduate/minors.
