PROGRAM to PROGRAM ARTICULATION AGREEMENT(s)

The OHIO STATE UNIVERSITY AND

COLUMBUS STATE COMMUNITY COLLEGE

The following program to program articulation agreements are entered into by The Ohio State University and Columbus State Community College in the spirit of and under the tenets of our Joint Resolution.

Upon completion of the Associate degree in Human Services at Columbus State Community College, students have the opportunity to continue into the bachelor degree programs at The Ohio State University according to the identified Transfer Guide (Appendix A).

Columbus State Community College	The Ohio State University	Type
Social and Human Services	BS Social Work	BS Completion

The Ohio State University College of Social Work recognizes the need and importance of facilitating the transfer of students from one institution to the other as they pursue their educational goals. To ensure a smooth transition for graduates of Columbus State Community College's Associate of Applied Science Degree in Mental Health/Addiction Studies/Developmental Disabilities to The Ohio State University's Bachelor of Science in Social Work Program, the two institutions agree to enter into the following articulation agreement.

1. Students who are pursuing a CSCC *Associate of Applied Science Degree (A.A.S.) in Human Services* will follow the academic program specified by CSCC. Upon completion of the degree, the student will submit The Ohio State University Transfer Application and the College of Social Work Bachelor of Science in Social Work Degree (BSSW) Application, along with all required official academic transcripts and documents.

   Complete instructions for The Ohio State University Transfer Application can be found online at: http://undergrad.osu.edu/apply.html.

   Complete instructions for the College of Social Work Bachelor of Science in Social Work Degree Application can be found online at: http://www.csw.ohio-state.edu/degreeprograms/bssw/apply/index.cfm.

Admission decisions for the BSSW program will be made after departmental review of each student's application materials.

2. Students transferring into the BSSW program must have earned a minimum of a 2.00 cumulative point hour ratio on a 4.00 scale.

3. Per College of Social Work policy, students must complete all social work major and elective courses at the "C" or higher mark. Students must repeat courses in which they earn less than a grade of "C." Thus, students must earn a "C" or higher in all courses taken at CSCC that have been approved as acceptable social work elective credit by the College. A grade of "C-"or better will be accepted for transfer of all other required courses in the SAHS Program curriculum.

4. Students who follow the CSCC – OSU College of Social Work Plan of Study outlined in this agreement will be able to complete their BSSW degree in two years of full-time study. This includes enrollment in a minimum of 12 credit hours of course work at OSU or CSCC during the summer session prior to entering the major.

5. Consistent with the Council on Social Work Education's Educational Policies and Accreditation Standards, the College of Social Work's BSSW Program does not grant transfer credits or exemptions for prior life or employment experience. Academic credit for a field practicum can be awarded only if the practicum is completed at an undergraduate social work program accredited by the Council on Social Work Education.

6. Students who have not earned an associate degree in SAHS will have their course work evaluated and transferred on a course-by-course equivalency basis.

7. The College of Social Work and CSCC will designate specific staff members to facilitate communication and perform advising duties for potential transfer students.

8. The attached "Plan of Study" will direct students in completing the appropriate courses at CSCC and OSU.

9. The College of Social Work and CSCC agree to participate in regular reviews of program requirements and appropriate advising procedures and make amendments as deemed necessary to maintain the integrity of each institution and program of study.

10. The College of Social Work and CSCC will work collaboratively in mutual marketing efforts.

These program to program agreements have an initial term through June 30, 2017. At that time, they will be reviewed and renewed (if appropriate) every two years.

11. **Admission requirements:** Students transferring into the BSSW program must have earned a minimum of a 2.00 cumulative point hour ratio on a 4.00 scale.
12. **Other information:**
    Students must earn a "C" or higher in all courses taken at CSCC that have been approved as acceptable social work elective credit by the College. A grade of "C-"or better will be accepted for transfer of all other required courses in the SAHS Program curriculum.
