- **CSCC General Education Requirements**: Students should choose the General Education courses for the AA degree in consultation with their academic and faculty advisors.
- **OSU General Education Requirements**: How a student completes these requirements will vary, depending on how he or she chose to complete the General Education requirements at Columbus State. Any General Education requirements not completed at Columbus State will need to be completed at Ohio State. Elective course work, if selected appropriately, can be used to pursue a minor. Students should consult with
  - an advisor in Arts and Sciences Advising, 100 Denney Hall (292-6961), to discuss appropriate and optimal course selections for General Education and to consider options for effective choice of electives;

- Dr. Jonathan Burgoyne, Burgoyne.10@osu.edu, 281 Hagerty Hall, to discuss appropriate course selections in the major.

- Students pursuing the BA must take a minimum of 10 semester hours of Natural Science course work, with at least one course in the Physical Sciences, at least one course in the Biological Sciences, and at least one course with a laboratory component. Most students will take a minimum of three Natural Science courses to fulfill the 10 hour minimum.

- Students must take at least two courses in the Social Sciences; the two courses must not be from the same General Education subcategory. See the latest Arts and Sciences BA curriculum sheet for more details.

- For the Literature and Arts categories, no more than one course across the two categories can be from the area of the major. For the Social Science category, no more than one course can be from the area of the major. The General Education Literature, Arts, and Social Science courses cannot be counted as part of the major.

- All programs in the College of Arts and Sciences require a minimum of 121 semester hours, including a minimum of 39 hours of Arts and Sciences or Arts and Sciences-approved upper-division course work. Upper-division courses are defined as all Arts and Sciences courses at the 3000 level or above, Philosophy 2500, all courses taught by departments in mathematical and physical sciences at the 2000 level and above (except for courses numbered 2194), and foreign language courses taught in the language at the 2000 level. Your 39 upper-division hours may come from hours earned for the General Education, the major, and electives.

[1]**OSU Medieval and Renaissance Studies Major**: Two courses in a foreign language pertinent to Medieval and Renaissance Studies beyond the 1103 level (general education requirement) are required for this major. Courses may be language or literature but they must have 1103 prerequisite. Languages other than that shown may be used. Consult with your advisor to ensure transferability of the language you plan to pursue.
